AUDITOR'S REPORT.

I, Edward E. Libby, Auditor of Waterboro, certify that I have made a thorough audit of the accounts of the Selectmen and Treasurer and find them correct, with proper vouchers therefor.

The Treasurer has exhibited to me 15 paid school bond; and two paid town notes amounting to \$1,500.00 of those reported in my last report, making a net debt reduction of this amount. The not indebtedness is now \$3,700.00.

I find old snow bills of \$937.18 paid during the year with no special appropriation. \$36. is due from the State for Mothers Aid and \$80. from Lyman for tuition.

Edward E. Libby, Auditor.

Annual Report

OF THE

Superintendent

of Schools

Maynard E. Wright,
SUPERINTENDENT.

REPORT.

To the Superintending School Committee and Citizens of the town of Waterboro:

I beg leave to submit for your approval my fourth annual report of the schools of Waterboro, stating their most salient conditions and needs.

We believe that the past year has been a progressive one. We have retained a corps of competent teachers and no serious handicaps have retarded the year's progress. There has been a good spirit of co-operation between teachers and pupils. Efficient work results from such an atmosphere. May I impress upon the parents the necessity of regular attendance. The advantages of such attendance are two-fold:- more efficient work is accomplished; the town receives a larger amount of state aid. We are still able to maintain a school year of thirty-six weeks. It is imperative that we continue on this thirty-six week basis in the future.

The most progressive school systems throughout the country are advocating consolidation as a means of doing away with the problems that make for inefficiency in the average one room rural school. Our own State Department of Education urges us to consolidate wherever possible. The coming of good roads and better means of transportation makes the problem of consolidation an easier one than it was a few years ago. The chief factors which militate against a high degree of efficiency in the average rural school are the constant change of teachers, the lack of trained teachers, small attendance, lack of proper equipment, the general conditions which surround such schools.

Consolidation, on the other hand, provides a more attractive environment, brings together a larger number of pupils thus securing the mental stimulus arising therefrom, and it permits a more uniform grading of the schools.

Necessary repairs have been made upon the school buildings as far as the money would permit. A new chemistry-physics table was added to the high school equipment and the requisite number of new seats purchased. Thirty new seats for the assembly hall have also been ordered. These seats will be paid for by an allotment of one hundred dollars given by the state from the equalization fund. We are indebted to many friends of the school for various gifts and I would take this opportunity to express our appreciacition for the interest thus shown.

A continuance of generous financial support will be necessary during the coming year. A glance at the financial statement will show that the appropriations this year have been used judiciously. Overdrafts have occurred only where they were absolutely necessary. We were assisted in the maintenance of a thirty-six week school year by a grant of \$196.00 from the equalization fund. We wish to continue the building up of our standards and trust that all these matters will receive the careful consideration of the taxpayers.

It has been gratifying to note the interest shown by the citizens in the various activities of the schools. May we not hope for a continuance of this spirit. Visitors are always welcome.

I wish to express to the members of the Committee, the teachers, and the citizens of the town my appreciation of their loyalty and support during the past year.

Respectfully submitted,

MAYNARD E. WRIGHT.
Superintendent of Schools.

Auditor's Report.

格 格 格 格 格 格

I, Edward E. Libby, Auditor of Waterboro, certify that I have made a careful audit of the accounts of the Selectmen and Treasurer and find them correct and have been shown all vouchers for the same.

Notwithstanding snow bills of \$1,147.88 have been paid, for which there was no appropriation, the Treasurer has paid one old note of 1922, and the financial condition of the town March 3, 1925 follows:

Total of School bonds issued	******* * ***** * ***********	\$27,000.00
Paid on same in 1923	\$1,500.00	
Paid on same in 1924	1,000 00	
		2,500.00

Balance due on account of School bonds........\$24,500.00

The only town notes outstanding are:

Limerick National Bank, one note, interest paid
to Jan. 1, 1925 \$2,000.00

Note to May Andrews Roberts, interest paid to
Oct. 29, 1924 \$2,000.00

Total indebtedness \$2,700.00

All town orders have been paid and there are no outstanding obligations, except as stated.

There is due from the State \$27. for Pensions, \$30. for Mothers Aid and \$100. for Soldier's Burial.

Respectfully submitted,

Edward E. Libby, Auditor.

HARRY A. SMITH, TOWN CLERK.

School Department.

Maynard E. Wright, Superintenpant.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Waterboro:

I submit for your approval my fifth annual report of the condition and needs of the schools of Waterboro.

The past year has been marked by progress. We have retained competent teachers, although there have been some changes. During the summer we lost through death, one of our best teachers, Mrs. Delia F. Beane. The other changes, which came about through resignations, were at Carll's Corner, East Waterboro, and in the High School at South Waterboro where there was a change in the position of assistant. Good work has been accomplished in all our schools. Generally speaking, attendance has been good and with one or two exceptions, progress has been uninterrupted.

There is need of an additional teacher at the South Waterboro School. A ruling of the State Department of Education fixes seven daily teaching periods as the maximum for teachers in an "A grade" high school. Under present conditions we are unable to meet this requirement. We are offering in the high school two approved courses of study. All possible combinations of classes have been made, in the arrangement of the daily pro-

gram, but we are still maintaining eight periods per teacher. I believe this situation has already been cited in a previous report. The remedy for improving conditions in this instance would be the establishment of a junior high school. Under such a scheme we would have a teacher for both elementary and high school subjects. The elementary teachers would have fewer grades and the present condition in the high school would be overcome. I also pointed out in my report two years ago that it would be desirable to bring upper grade pupils from the rural schools to South Waterboro to complete the elementary course.

Our present method of conveying pupils needs improvement. Under the State Law towns are required to furnish a type of conveyance which is conducive to the safety and comfort of the pupils. The State Department rules under this law that such a conveyance is a covered, heated vehicle. I do not wish to criticize those who are now conveying pupils. I believe they are doing as well as could be expected for the money which we are paying. I do believe, however, that through a larger expenditure of money, we should endeavor to bring our methods of conveyance more into conformity with the requirements of the law. Many towns throughout the State are purchasing their own conveyance vehicles. This seems to be a very reasonable solution of the problem and offers a suggestion which this town would do well to follow.

Repairs of a general nature have been made during the past year. Work was continued in the matter of repairing roofs on unused school buildings. We also put new roofing on the Old Corner School. Heating conditions

were improved at North Waterboro by placing a jacket around the stove. This scheme should be followed out in our other rural schools. These schools are also badly in need of interior painting in order to improve lighting conditions. It is hoped that the new building at East Waterboro will be ready for occupancy at the beginning of the next school year. This building is very much needed.

The financial statement indicates the fact that we have not this year been hampered by lack of funds. More money could have been used for text-books and supplies. With this exception, however, we have been well provided for financially. May we not hope for a continuance of this support.

In conclusion I wish to express to the School Committee, the teachers, and the citizens of the town, my appreciation of their support and co-operation during the past year.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools.

PRINCIPAL'S REPORT

To the Superintendent of Schools:

Two years ago today I submitted my first report of the Waterboro High School. It is interesting to look back and make comparisons.

On October 9, 1922, our school opened with an enrollment of 35 pupils, two of whom were tuition pupils. In September, 1924, our school opened with an enrollment of 43 pupils, four of whom are tuition pupils. This is an increase of about 23% in the total enrollment.

At the present time five of our graduates are attending institutions of higher learning; one attending U. of M., another is studying at Gray's Business College, still another is attending Gorham Normal, while the other two are studying at Bates College.

Last year I succeeded in having our school put on the accredited list of New England Colleges. I have recently been assured that our school will again be put on

this list. This means that graduates from our high school, attaining an average of 85% may enter two of New England's best colleges without examination.

In Athletics our school has done remarkably well. We have had baseball and basketball teams—at the present time we have a boys' and girls' basketball team. The lady assistant being unable to coach the girls' team, Mrs. Graves is at the present time working with the girls. Although there are only 14 girls in the school, 12 are out for basketball. Our girls' team was somewhat handicapped by the loss of one of our experienced players.

It may be interesting to many of the parents to know what study the students take the most interest in. I asked the class this question and the majority answere! "Civics." In our Civics class this year we have accomplished several interesting things. In conjunction with our study of political parties, we conducted a Mock State Election and a Town Meeting, the pupils using copies of the regular ballots and voting the same as at the polls. When we took up the study of courts, the class attended a court session at Alfred. At the present time we are having class debates on present-day problems.

In my first report I suggested some necessary improvements and additions. These have all been supplied, except the additional closet room for our laboratory. We also need more reference books. There is one serious problem that confronts us—that is, to make the parents realize that pupils must study at home as well as in school. Our pupils should devote at least two hours to home study each day. I sincerely hope that the parents

will co-operate with us in the matter.

In closing, I wish to thank the superintendent, school board, and teachers, for their co-operation the past year.

Respectfully submitted,

B. R. GRAVES,
Principal.

Respectfully submitted,

ERNEST G. KNIGHTS,

Treasurer of Waterboro, Maine.

Huditor's Report.

March 1, 1926.

I, Edward E. Libby, Auditor of Waterboro, certify that I have this day made a complete examination of the accounts of Ernest G. Knights, Treasurer, and find receipts of \$46,592.86 and expenditures of 46,556.50 leaving a balance due the town of \$36.36 which he has, as also all vouchers for money paid.

The financial condition of the town shows that the Treasurer has redeemed \$1,000.00 of high school bonds, leaving \$23,500.00 due, and has paid the May Andrews Roberts note for \$700.00. There is no increase in the town's indebtedness except for the East Waterboro school building amounting to \$6,487.31.

I have also made a thorough examination of the accounts of the Selectmen and found them correct.

There is due from the State \$30. for Mothers Aid, and for burial of H. B. Smith and Augusta Hamilton.

Respectfully submitted,

Edward E. Dibby,

Road Commissioners Report.

Report of the Committee. East Waterboro School Building.

The Committee named to supervise the construction of a new school building at East Waterboro has performed that duty and now report.

There are, always, in a matter of this nature two elements of great importance to the public. First: Was it needed? Second: Was it economically done?

Happily, the first question is not a matter of dispute for everybedy admits that the old building was satisfactory in no way.

We consulted with the State school officials before any work was done regarding the cost of a building of this type and we were informed that the building alone could not be constructed for \$6,500.00. The actual cost of the building, heating plant, toilet systems, insurance for 3 years, and the cost of the lot is less than \$500.00 more than the estimate and it was not supposed that we could do more for \$6,500.00 than to build the bare building. No one dreamed of a cement basement 32x44 nor that we should be able to expend \$150.00 to grade up a frog pond and make an ideal playground for the children. Eliminating this frog pond has increased the value of every lot of land at East Waterboro and the new building will make for a greater increase.

We invite the closest scrutiny of the items making up the cost on the following pages.

One thing remains to be done. Provision should be made at the annual meeting for the erection of a fence inclosing the lot.

Superintending School Committee.

MAYNARD E. WRIGHT,
Superintendent of Schools.

SCHOOL REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Waterboro:

I submit, for your consideration, my sixth annual report of the condition and needs of the schools of Waterboro.

We feel that the past year has been one of progress. Generally speaking, attendance has been good, the pupils have maintained a good standard of scholarship, and we note that a spirit of harmony and co-operation prevails.

During the fall term the pupils from Carll's Corner were transported to the school at South Waterboro, the Corner school having been discontinued through failure to maintain an average attendance of eight pupils.

The new building at East Waterboro was completed for occupancy at the beginning of the winter term in January. This is a two-room structure built by a plan furnished by the State Department of Education, and meets all up-to-date requirements in the matter of heating, lighting and ventilation. The rooms are of ample size and very attractive. The building is heated by a hot-air furnace. With its completion we have made one more step in school consolidation. The pupils from Carll's Corner are now transported to East Waterboro. Conveyance facilities, in this instance, have been very

desirable. Much better work has been made possible by the building of this new school; each teacher now has but four grades, the time given to different classes being thus lengthened. In short, we have gained better organization, better discipline, and more efficient instruction.

The grammar room at South Waterboro has been somewhat overcrowded during the past year. The use of the vacant room and the employment of an additional teacher would be an improvement in our system. The discontinuance of the Old Corner school and transportation of those pupils to the village would be beneficial to all concerned.

Very good work is being done in the high school. We note that pupils who have graduated from this school and gone to higher institutions of learning are maintaining a desirable standing. For additional information relative to the high school I would refer you to the report of the Principal.

I wish to commend the work of the Maine Public Health Association for work which it is doing in the matter of school hygiene. The nurse is carrying on activities for which many towns make definite appropriations. I am advised that in the near future the Association will be obliged to employ an additional nurse. Some of the towns in the county are prepared to raise money for medical inspection in the schools, this work to be still carried on by the county nurse as at present. This work is worth while and is worthy of consideration. While the activities of the association

have, in the past, been carried on without cost to the towns, it is felt that with financial aid much more work could be done.

Our buildings are in good state of general repair. Last summer the exterior and interior of the school at North Waterboro were painted, this work being much needed. The building at South Waterboro is in excellent condition. The town has school buildings of which it may well be proud.

A glance at the financial statement will show that the schools have been maintained well within the appropriations. It is very gratifying to have that measure of financial support which permits us to carry on the schools without being cramped for money.

In conclusion, I wish to express to the members of the Superintending School Committee, the teachers and the citizens of the town, my appreciation of their loyalty and support during the past year.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools.

REPORT OF HIGH SCHOOL

To the Superintendent of the Waterboro Schools:

I herewith submit to you, and through you, to the School Committee and people of this town, my report of Waterboro High School.

The high school began the year with an enrollment of forty. A few have left school since the beginning of the year, but due to some late entrants, the enrollment has remained about the same.

I was pleased to find a laboratory well equipped for the study of Chemistry, and in this respect we are very fortunate, for in this era of high prices a new supply of chemicals would be very expensive. Some new apparatus will be needed next year for laboratory work in Physics, as the present supply is inadequate for the proper study of that subject.

As in most high schools, the quality of scholarship is variable. Some show an appreciative and praiseworthy interest in their work, and apply themselves to their subjects in a way that can not but insure good results. But others, as usual, are content with merely a passing grade. I want to urge upon the parents—with all emphasis—the absolute necessity for home work. Those parents who allow their children to neglect home study are doing an injustice to their children, as well as to the school. Nine-tenths of the failures in school are due to neglect of home study.

I feel that a word should be said in commendation of

Mr. Berger, the janitor. The building is at all times clean and comfortable.

In closing my report I wish to thank you for your support during the past year in all matters pertaining to the schools.

Respectfully submitted,
ELMER S. MARSHALL.

Principal.

Friends of
Good
Government
will turn out
Monday.
Those at
South End,
arrange with
Lindsay for a
ride.

These are the poorly-paid men who have made your burdens as easy as possible since 1920. If you have received fair treatment, turn out and VOTE THE TICKET STRAIGHT. There will be ballots at the town house.

 Jotal Available Assets
 \$4,592,183.26

 Jotal Indedtedness
 4,113,293,28

Excess of Assets over Indebtedness\$478,889.98

This means that there is \$200,000.00 capital, \$200,000.00 surplus and \$78,889.98 undivided profits which, after the depositors are paid in full, become the property of the stockholders, or to put it in another way, if anything could happen to this bank, this \$478,889.98 would have to be lost and in addition to this, another \$200,000.00 stockholders' liability, making a total of \$678,889.98, which would have to be an actual loss before a depositor in this bank would lose one cent. This item is indicative of the bank's management for it can increase only as profits are made and profits arise from sound policies.

The

Two Corner Stones

THERE ARE TWO CORNERSTONES OF THE SAVINGS BANK. ONE IS SAFETY. THE OTHER IS INTEREST ON YOUR MONEY. OPEN A SAVINGS ACCOUNT WITH THIS BANK AND YOU WILL BUILD YOUR PROSPERITY UPON THESE SAME CHUNKS OF GRANITE,

Respectfully submitted,

ERNEST G. KNIGHTS,

Treasurer of Waterboro, Maine.

Auditor's Report.

March 1, 1926.

I, Edward E. Libby, Auditor of Waterboro, certify that I have this day made a complete examination of the accounts of Ernest G. Knights, Treasurer, and find receipts of \$46,592.86 and expenditures of 46,556.50 leaving a balance due the town of \$36.36 which he has, as also all vouchers for money paid.

The financial condition of the town shows that the Treasurer has redeemed \$1,000.00 of high school bonds, leaving \$23,500.00 due, and has paid the May Andrews Roberts note for \$700.00. There is no increase in the town's indebtedness except for the East Waterboro school building amounting to \$6,487.31.

I have also made a thorough examination of the accounts of the Selectmen and found them correct.

There is due from the State \$30. for Mothers Aid, and for burial of H. B. Smith and Augusta Hamilton.

Respectfully submitted,

Edward E. Bibly,

AUDITOR.

B. & M. Fire.

Town orders 36 to 99, inclusive, were for the expense of the Railroad fire near So. Waterboro, amounting to \$69.20 This sum was refunded by the Corporation.

Respectfully submitted,

Charles W. Johnson Harry B. Swett Farnsworth Durgin

Selectmen, Assessors and Overseers of the Poor.

Report of the Committee. East Waterboro School Building.

The Committee named to supervise the construction of a new school building at East Waterboro has performed that duty and now report.

There are, always, in a matter of this nature two elements of great importance to the public. First: Was it needed? Second: Was it economically done?

Happily, the first question is not a matter of dispute for everybody admits that the old building was satisfactory in no way.

We consulted with the State school officials before any work was done regarding the cost of a building of this type and we were informed that the building alone could not be constructed for \$6,500.00. The actual cost of the building, heating plant, toilet systems, insurance for 3 years, and the cost of the lot is less than \$500.00 more than the estimate and it was not supposed that we could do more for \$6,500.00 than to build the bare building. No one dreamed of a cement basement 32x44 nor that we should be able to expend \$150.00 to grade up a frog pond and make an ideal playground for the children. Eliminating this frog pond has increased the value of every lot of land at East Waterboro and the new building will make for a greater increase.

We invite the closest scrutiny of the items making up the cost on the following pages.

One thing remains to be done. Provision should be made at the annual meeting for the erection of a fence inclosing the lot.

Annual Report of the School Committee.

ELMER I. DAY

MYRON E. HUFF

MELVILLE B. KNIGHT

Superintending School Committee.

MAYNARD E. WRIGHT,
Superintendent of Schools.

SCHOOL REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Waterboro:

I submit, for your consideration, my sixth annual report of the condition and needs of the schools of Waterboro.

We feel that the past year has been one of progress. Generally speaking, attendance has been good, the pupils have maintained a good standard of scholarship, and we note that a spirit of harmony and co-operation prevails.

During the fall term the pupils from Carll's Corner were transported to the school at South Waterboro, the Corner school having been discontinued through failure to maintain an average attendance of eight pupils.

The new building at East Waterboro was completed for occupancy at the beginning of the winter term in January. This is a two-room structure built by a plan furnished by the State Department of Education, and meets all up-to-date requirements in the matter of heating, lighting and ventilation. The rooms are of ample size and very attractive. The building is heated by a hot-air furnace. With its completion we have made one more step in school consolidation. The pupils from Carll's Corner are now transported to East Waterboro. Conveyance facilities, in this instance, have been very

desirable. Much better work has been made possible by the building of this new school; each teacher now has but four grades, the time given to different classes being thus lengthened. In short, we have gained better organization, better discipline, and more efficient instruction.

The grammar room at South Waterboro has been somewhat overcrowded during the past year. The use of the vacant room and the employment of an additional teacher would be an improvement in our system. The discontinuance of the Old Corner school and transportation of those pupils to the village would be beneficial to all concerned.

Very good work is being done in the high school. We note that pupils who have graduated from this school and gone to higher institutions of learning are maintaining a desirable standing. For additional information relative to the high school I would refer you to the report of the Principal.

I wish to commend the work of the Maine Public Health Association for work which it is doing in the matter of school hygiene. The nurse is carrying on activities for which many towns make definite appropriations. I am advised that in the near future the Association will be obliged to employ an additional nurse. Some of the towns in the county are prepared to raise money for medical inspection in the schools, this work to be still carried on by the county nurse as at present. This work is worth while and is worthy of consideration. While the activities of the association

have, in the past, been carried on without cost to the towns, it is felt that with financial aid much more work could be done.

Our buildings are in good state of general repair. Last summer the exterior and interior of the school at North Waterboro were painted, this work being much needed. The building at South Waterboro is in excellent condition. The town has school buildings of which it may well be proud.

A glance at the financial statement will show that the schools have been maintained well within the appropriations. It is very gratifying to have that measure of financial support which permits us to carry on the schools without being cramped for money.

In conclusion, I wish to express to the members of the Superintending School Committee, the teachers and the citizens of the town, my appreciation of their loyalty and support during the past year.

Respectfully submitted,

MAYNARD E. WRIGHT,
Superintendent of Schools.

REPORT OF HIGH SCHOOL

To the Superintendent of the Waterboro Schools:

I herewith submit to you, and through you, to the School Committee and people of this town, my report of Waterboro High School.

The high school began the year with an enrollment of forty. A few have left school since the beginning of the year, but due to some late entrants, the enrollment has remained about the same.

I was pleased to find a laboratory well equipped for the study of Chemistry, and in this respect we are very fortunate, for in this era of high prices a new supply of chemicals would be very expensive. Some new apparatus will be needed next year for laboratory work in Physics, as the present supply is inadequate for the proper study of that subject.

As in most high schools, the quality of scholarship is variable. Some show an appreciative and praiseworthy interest in their work, and apply themselves to their subjects in a way that can not but insure good results. But others, as usual, are content with mere'y a passing grade. I want to urge upon the parents—with all emphasis—the absolute necessity for home work. Those parents who allow their children to neglect home study are doing an injustice to their children, as well as to the school. Nine-tenths of the failures in school are due to neglect of home study.

I feel that a word should be said in commendation of

Mr. Berger, the janitor. The building is at all times clean and comfortable.

In closing my report I wish to thank you for your support during the past year in all matters pertaining to the schools.

Respectfully submitted,

ELMER S. MARSHALL,

Principal.

Friends of
Good
Government
will turn out
Monday.
Those at
South End,
arrange with
Lindsay for a
ride.

These are the poorly-paid men who have made your burdens as easy as possible since 1920. If you have received fair treatment, turn out and VOTE THE TICKET STRAIGHT. There will be ballots at the town house.

ERNEST G. KNIGHTS

Protection for Depositors in the

Sanford National Bank Sanford, Maine.

HS OF NOUEMBER 30, 1925.

 Jotal Available Assets
 \$4,592.183.26

 Jotal Indedtedness
 4,113,293,28

Excess of Assets over Indebtedness . \$478.889.98

This means that there is \$200,000.00 capital, \$200,000.00 surplus and \$78,889.98 undivided profits which, after the depositors are paid in full, become the property of the stockholders, or to put it in another way, if anything could happen to this bank, this \$478,889.98 would have to be lost and in addition to this, another \$200,000.00 stockholders' liability, making a total of \$678,889.98, which would have to be an actual loss before a depositor in this bank would lose one cent. This item is indicative of the bank's management for it can increase only as profits are made and profits arise from sound policies.

The Two Corner Stones

THERE ARE TWO CORNERSTONES OF THE SAVINGS BANK. ONE IS SAFETY. THE OTHER IS INTEREST ON YOUR MONEY. OPEN A SAVINGS ACCOUNT WITH THIS BANK AND YOU WILL BUILD YOUR PROSPERITY UPON THESE SAME CHUNKS OF GRANITE,

Biddeford Savings Bank

238 Main street, Biddeford, Maine.

Auditor's Report.

March 7, 1927.

I, Edward E. Libby, Auditor of Waterboro, certify that I have made a careful audit of the accounts of the Selectmen and Treasurer for the year 1926 and find them correct, together with the proper vouchers.

Because of expenditures \$1,075.20 greater than the appropriation, and other overdrafts, in the School department, as also overdrafts in the Poor department because of the Gage family, there has been an increase in the debt of \$1,425.00. The last item will be refunded by the State.

There is due from the State \$50.00 for Mothers Aid, \$24.00 for Pensions paid, also the burial expenses of Augusta Hamilton and H. B. Smith.

The Treasurer has paid the East Waterboro school note of 1925, has redeemed 10 high school bonds, also paid \$1,755.00 for 1926 interest on school bonds.

The \$2,000.00 high school bond, owned by Brackett, Shaw & Lunt Co. matures Nov. 1, next, and on the old note for \$2,000.00 at Limerick National Bank, the Treasurer has paid interest to January 1, 1927.

Respectfully submitted,

Edward E. Bibly,

Annual Report
Of the
School Department.

Myran E. Huff
Melville B. Knight
Elmer I. Day
School Committee.

Maynard E. Wright Superintendent.

Superintendent's Report.

To the Superintending School Committee and Citizens of the Town of Waterboro:

It is my pleasure to submit for your consideration my seventh annual report of the condition and needs of the schools of Waterboro.

During the past year we have made steady and consistent progress in our schools. A good standard of scholarship has been maintained and results obtained have been worthy of commendation. May I once more remind parents of the necessity of good attendance in the schools. The child who is habitually absent not only loses much himself but his absence detracts from the standard of the school.

At the beginning of the present term the vacant room in the new building at South Waterboro was opened, thus improving our system of grading. The school is now graded as follows: Primary- grades 1 and 2; Intermediategrades 3, 4 and 5; Grammar- grades 6, 7 and 8. This arrangement overcomes a congested condition which was arising and also gives each teacher fewer classes. This step marks a decided improvement in our system.

Our buildings are all in good repair. During the summer the air shafts in the South Waterboro building were lined in accordance with the vote of the last regular town meeting. We have also equipped windows in the primary room and corridor with metal weatherstrips. This is an improvement which should ultimately be carried through

the entire bullding. I have been pleased at all times to find the schools clean and orderly. I wish especially to commend the work of Mr. Berger for the condition in which the South Waterboro building has been kept.

The financial report will show an overdraft in the common school account indicating the necessity of an increased appropriation next year. The repairs account has also been overdrawn owing to the fact that the lining of the air shafts at South Waterboro cost more than the amount estimated at town meeting.

For the report of the high school, I refer you to the Principal's report.

In conclusion, I wish to express to the members of the Superintending School Committee, the teachers and the citizens of the town my appreciation for their loyalty and support during the past year.

Respectfully submitted,
MAYNARD E. WRIGHT,
Superintendent of Schools.

PRINGIPAL'S REPORT.

To the Superintendent of the Waterboro Schools:

I herewith submit to you and through you to the School Committee and people of the town, my second annual report of Waterboro high school.

The enrollment of this year is slightly larger than that of last year, due to the large entering class - numbering over twenty - and the size of the graduating class of last June which had only six members. This comparative concondition exits again, therefore it is safe to assume that the enrollment next Fall will be larger than ever. I mention this fact because it means the purchase of more equipment, especially text books.

Bearing on the matter of equipment is the need of chemicals to be used in the teaching of Chemistry next year. Last year when this subject was taught, practically all of the more important chemicals on hand were used, and the supply needs to be replenished.

I believe that a most important step was taken when the Intermediate room was opened, and another teacher put in the Grades. Before that was done, the crowded condition of the Primary and Grammar rooms made it practically impossible for the teachers to give the pupil the individual attention that every child in the Elementary and Secondary schools should have.

The scholarship of the school is well up to the standard. It is plainly noticeable however, that the students who make a practice of home study are well in advance of those who fail to do so. This is a fact which I would like to bring to the attention of all parents whose children receive less than a B grade. There is positively not enough time during school hours for a student to properly prepare his lessons.

In closing my report I wish to express my appreciation of the support given by the school officials in all matters pertaining to the welfare of the school.

Respectfully submitted, ELMER S. MARSHALL, Principal.

AUDITORS' REPORT.

We hereby certify that we have made a careful audit of the accounts of the Selectmen and of the Treasurer of the town of Waterboro and find them to be correct.

We have seen vouchers for each item except the following, which the Treasurer's records show have been paid, but the vouchers have not been returned:

Ernest Roberts	\$1.50
Ira Smith	130.00
Maud Carpenter	80.00
Henry Smith	75

The Treasurer's report shows an increase in the town debt of \$1,200.00, caused principally by overdrafts in the School, Highway and Poor Departments and Fighting Fire and Snow Removal Departments and Interest on town notes, for which the town has made no appropriation.

Respectfully submitted,

W. P. McLaughlin

Elmer S. Marshall

Auditors of the town of Waterboro, Maine.

Annual Report of the Cown Clerk.

HARRY A. SMITH, TOWN CLERK.

BIRTHS

1927

- March 22, Jason, son of John G. and Laura Demers.
- April 24, June Idal. daughter of J. Alton and Lottie V. Woodsome.
- May 14, Charles Ernest, son of Ernest E. and Geneva Littlefield.
 - 15,, son of Ernest and Belma Ham.
- June 19, Helen Beatrice, daughter of Andrew J. and Alice Hanscom.
- July 26, Carl Denman, son of Fred R. and Lillian G. Hill.
- Oct. 11, Richard Algernon, son of M. Leslie and C. Phyllis May.
 - 14, Barbara Louise, daughter of Everett and Cecil Woodward.
 - 15, Clarence Harold, son of Guy E. and Blanche A. Nicklin.
- Nov. 4, Roger Willis, son of Dana and Mabel Gilpatric.
- Dec. 7, Mary Louise, daughter of Arthur and Elizabeth Valcourt.

Unrecorded Births reported during the year:

- 1903, July 20, Mary N., daughter of George N. and Mcry P. Brock.
- 1907, Jan. 31, Chester Elmer, son of Melvin C. and Rose M. McKenney.

MARRIAGES.

1927

- March 2, Everett A. Woodsome of Waterboro and Mildred M. Davis of Shapleigh by Rev. C. W. Corey of Springvale.
 - 19, George Lebbeaus Scott of Sanford and Halel Beatrice Carll of Waterboro by Rev. Robert E. Marshall of Plymouth, N. H.
- April 9, John F. Bourne and Annie E. Ramsdell, both of Waterboro by Rev. Samuel M. Thompson.
 - 16, Ralph O. Dunnells of Newfield and Dorothy N. Garrigan of Waterboro by Rev. S. M. Thompson.
- May 26, Leonard E. Woodward of Waterboro and Mabel L. Gray of Brunswick by Rev. E. W. Churchill of Rochester, N. H.
- June 11, Howard E. Ricker and Mamie O. Bourne, both of Waterboro by Rev. E. W. Churchill of Rochester, N. H.
 - 12, Fred I. Day and Alma Beatrice Abbott, both of Waterboro by Rev. Austin I. Davis of Limerick.
- July 25, Harold A. Belval of Waterboro and Grace L. Booker of Lisbon, Me., by Rev. Odolphe O. Lacroix of Lisbon, Maine.
- Aug. 3, James Edward Earl and Elizabeth N. Monroe, both of Waterboro by Rev. Geo. A. Mills of Limerick.
- Sept. 24, Fred Ray Bragdon of Springvale and Lillian Gertrude Welch of Dover, N. H., by Rev. Samuel M. Thompson.
- 1928, Jan. 30, Fred M. Ham of Waterboro and Helen Forestina Davis of Biddeford by Rev. C. C. Koch of Springvale.

ANNUAL REPORT OF THE SCHOOL DEPARTMENT.

Melville B. Knight Elmer I. Day Edward E. Libby

Superintending School Committee.

REPORT OF THE SUPERINTENDENT.

To the Superintending School Committee and Cit - izens of the town of Waterboro:

I submit for your consideration my eighth annual report of the schools of Waterboro.

During the past year eight schools have been maintained with no appreciable change in registration or attendance. The last report to the Department of Education shows an enrollment of 95 boys and 108 girls, a total of 203. Average attendance for the year, -176.07.

There have been three changes in the teaching staff. Mrs. Dorothy Dunnells resigned the Old Corner position in June and Miss Helen Dunnells of Newfield was elected to fill the vacancy. The vacancy caused by the resignation of Miss Harriet Osborne from the East Waterboro Grammar school was filled by Mrs. Vernor Libby. Miss Laura Shurtleff was obliged to resign from the South Waterboro Primary during the present term owing to illness and that school is being taught by Mrs. Elwin Morey of Alfred.

No radical changes have been made in the course of study. At South Waterboro, through the efforts of the teachers, considerable progress has been made in the matter of instruction in music. Music is a worth-while subject in the curriculum and its instruction should be encouraged in every way.

Our buildings are at all times in good condition. May I take this opportunity to express my appreciation of the thorough and painstaking manner in which our jani'or, Mr. Fred Berge*, performs his duties. Among minor repairs and changes during the year, we have provided dressing rooms in the gymnasium.

It has been impossible to finance the schools within the appropriations. Until last year we had carried a large balance in both elementary and high school accounts. The elementary school balance was used up and the account overdrawn at the end of the fiscal year closing February 15. 1927. Although a thousand dollars was appropriated to offset the previous balance of \$962.58, provision was not made for the new room which had been opened at the South Waterboro school the previous month. There have also been conveyance problems which were not anticipated. A glance at the financial statement will show that the common school overdraft is, in a measure, offset by balances in other departments.

For an account of the work accomplished in the high school, I would refer you to the report of the principal.

*In conclusion, I wish to express to the members of the Superintending School Committee, to the teachers and to citizens of the town, my appreciation of their loyalty and support during the past year.

Respectfully submitted,
MAYNARD E. WRIGHT,
Superintendent of Schools.

REPORT OF HIGH SCHOOL.

To the Superintendent of Waterboro Schools:

I have the honor to submit my third annual report of Waterboro High School.

As predicted in my last report we have a larger enrollment at the present time than we had a year ago, due to the fact that the graduating class of 1927 numbered only six, while the entering class has nearly three times that number. It is gratifying to note that only four of the total enrollment have left the school, and three of those are attending school elsewhere.

The larger enrollment necessitated the purchase of a considerable amount of new equipment, especially text books. The same condition will prevail next year, for with alternating subjects and ever increasing numbers, the size of the classes is so large that each Fall finds a lack of books. There will also be a need for more apparatus for use in the course in Physics.

One of the long felt needs of the school has been a convenient athletic field and playground. Last Fall, through the generosity of some of the townspeople, a large plot of land back of the school building was cleared of stumps, and plowed. This Spring, work will be continued on the land when a base-ball diamond will be laid out, tennis courts will be made, and if our present plans materialize, playground equipment will be purchased which may be added to each year.

I would like to mention for the consideration of all who may read this report, the advisability of improving the appearance of the lawn between the building and the street. We no longer need it for a playground. We do need to have it plowed and seeded, cleared of all unsightly trees, and shrubs and an attractive driveway made. These improvements would add greatly to the appearance of the grounds.

In closing, I wish to thank you for your support during the past year.

Respectfully submitted.

Elmer S. Marshall, Principal.

THE PREGINGT BALANGE.

At a meeting of the voters of the High School Precinct held Jan. 5, 1929, it was

Voted: That the Treasurer of Waterboro be instructed to pay to C. H. Rhoades \$3.50 for an unpaid bill of said Precinct, and to pay the Clerk of said town \$2.00 for recording the warrant for, and the record of, this meeting and to pay the audited balance of \$473.15 to the town of Waterboro, for the payment of high school bonds, in addition to the sum regularly raised, and to be used for no other purpose.

I have complied with said instructions and the above amount of \$473.15 is deposited in the name of said town in Limerick National Bank.—Ernest G. Knights.

AUDITORS' REPORT.

We, the undersigned, Auditors of the town of Waterboro, Maine, hereby certify that we have made a careful audit of the accounts of the Selectmen and Treasurer of Waterboro and certify the same to be correct.

We have seen vouchers for all money paid by the Treasurer except the following, which his records show to have been paid but the checks have not been returned:

Moreda C	arned:
Maude Carpenter	#80 00
Charles Woodman	p00.00
Scott Daney	2.00
Scott Daney	3.00
Tilla Cotton	4000
Irving Storage	40.00
Irving Stewart	15.00
W-10000000	
Total	

We find the amount disbursed by the Treasurer on 1129 Selectmen's orders to be, as stated, \$34,485.94.

The outstanding obligations of the town may be summarized as follows:

Note at Limerick Natl. Bank dated "Springvale" "	Mar. 28, '26. 1200.00
East Waterboro school bonds	6 000 00

The Treasurer during the year has paid old notes of the town amounting to \$1,425.00 and 10 school bonds amounting to \$1,000.00.

The matter of the \$300.00 raised by the town at the last annual town meeting to be paid to the Waterboro Fire Protective Association was on condition that said Association should respond to calls anywhere in said town. We find that this amount has been paid, but find no agreement with said Association that they would so respond.

Respectfully submitted,

H. P. McLAUGHLIN E. S. MARSHALL AUDITORS OF WATERBORO, MAINE.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the Superintending School Committee and Citizens of the Town of Waterboro:

I submit for your consideration the annual report of the school department of the Town of Waterboro.

Registration in the elementary schools at the present time is as follows: South Waterbore, Grammar school, 26; Intermediate, 25; Primary, 24. East Waterbore, Grammar, 19; Primary, 12; Old Cerner, 17; North Waterbore, 21. Total registration, 144. Number of persons between the ages of 5 and 21, according to last school census: Boys, 119; girls, 129; total, 249. Number of pupils completing elementary schools last June, 15; number completing high school, 8.

There have been five changes in teaching position. Miss Anna Cetton left the primary school at East Waterboro to take the grammar grades in the same school. Miss Evelyn Haley of Hellis is teaching in the primary school. A vacancy in the primary school at South Waterboro was filled by Mrs. Evelyn Cressey. Miss Helen Dunnells resigned at Old Cerner, this position being filled by Miss Grace Whitney of Jonesboro. Mrs. Carleton Rollins was elected to fill assistant's position in the high school.

The schools are in good state of repair. It was found necessary during the Christmas recess to install a blower in the heating system at the East Wa'erboro School. This building has never been heated in a satisfactory manner until the pres-

ent time. We are new able to get much better results and find that less fuel is required. The pumping system at the South Waterbero School is inadequate and will need attention during the coming year.

There has been an excellent spirit of co-operation in the schools and work has gone on in a consistent and progressive manner.

I wish to express to the members of the Committee, the teachers and all these connected with the schools my appreciation of their loyalty and support during the past year.

Respectfully submitted,

MAYNARD E. WRIGHT.

Superintendent of Schools.

REPORT OF HIGH SCHOOL.

To the Superintendent of Schools:

I hay the honor to submit my fourth annual report as principal of the High School.

The report might well be a copy of a year ago as our problems, our aims and our needs are essentially the same.

W. have the same condition of an ever-increasing enrollment as the registration this year is forty-eight, which is several more than a year ago. This fact was predicted in the last annual report of the school, and I feel sure that the enrollment next Fall will be still larger. It is safe to say that next September will find an entering class of such a number that the registration will be above fifty.

The scating capacity of the High School at the present time is forty-eight, therefore it will be necessary to install some more desks in the near future. There is space for another row

of desks in the room new occupied by the Juniers and Seniors. If another row is added to this room, some new blackboards would be needed across the front as those now in use would have to be discontinued.

More work has been done on the cleared piece back of the building, and the High School A. A. is raising money to be spent on the field in the Spring as soon as the frest is out of the ground. This cleared piece of land adds to the appearance of the school lot, as well as furnishing a convenient athletic field for the students.

The stable back of the building has been moved to a more suitable location, and we have hopes of raising money in some way to enable us to have it made a bit more attractive.

Having mentioned some of the material needs of the school I will report on what I consider the more important—Scholarship. The amount of work done, and the interest shown by the students is well up with the average of all High Schools. As in other schools, some of the students show a most commendable interest in their work, some of them fall in the average class, and some fall below. One cannot, however, always judge a student by the rank which he maintains. As much praise is due the student who tries hard and gets a B mark, as to the student who tries hard and gets a B mark, as to the student who tries hard and gets and also outside conditions and circumstances which may affect his work.

There is one fact concerning the student body this year which I call to your attention. Not one of the students who enrolled in September has left school. This may not seem so remarkable to those who are not well acquainted with school work, but I doubt if there are many schools in the State of Maine which can show the same condition. This fact alone shows a fine school spirit.

In closing my report, I wish to express my appreciation of the hearty support of the school officials and the townspeople during the past year.

Respectfully submitted,

ELMER S. MARSHALL.

Principal.

Selectmen, Assessors and Overseers of the Poor.

ANNUAL REPORT OF THE TREASURER.

ERNEST G. KNIGHTS, TREASURER.

THE CAROLINE LEONARD FUNDS.

Although I explained at the annual meeting of 1929 the above named funds, I feel that it is better that the records shall show the amounts and the objects of the same and the following letter, accompanying check for the full amount, appears self-explanatory:

March 23, 1929.

Mr. Ernest G. Knights, Treasurer,

Waterboro, Maine.

Dear Sir:

ESTATE OF CAROLINE LEONARD—T1717

Thank you for your letter of March 18, with enclosures.

You will find enclosed our check for \$1,696.77, which covers payment in full of the legacies given under Article 4 of Mrs. Leonard's will to the Town of Waterboro, as follows:

Carles Corner for use of church,	
schools, etc	
Plus interest at 4% from November	
30, 1928, through March 22, 1929 12.44	
\$1,012.44	
Less proportionate share of Massa-	
chusetts Inheritance Tax 50.00	
and many definition of the second sec	\$ 962.44
Carles Corner for maintaining graves	
in cemetery\$ 250.00	
Plus interest at 4% from November	
30, 1928 through March 22, 1929 3.11	
	\$ 253.11
Old Corner for use of church,	
schools, etc\$ 500.00	
Plus interest at 4% from November	
30, 1928, through March 22, 1929 6.22	
506.22	
Less proportionate share of Massa-	
chusetts Inheritance Tax 25.00	
	\$ 481.22
-	
	\$1,696.77

Kindly sign and return to our Trust Department the original of the receipt which is also enclosed. The copy may be retained for your use as well as the mimeo-

graphic copy of Mrs. Leonard's will.

Very truly yours,

H. B. DRIVER.
Trust Officer.

The amounts devised for the uses set forth in the foregoing letter have been deposited in the Biddeford Savings Bank in three separate accounts, viz: For the use of schools, church and the poor of Carles Corner; For the use of the schools, church and the poor of Old Corner, and for the maintenance of the burial ground of the William Nason family at the rear of the town house. The first two funds are payable only on an order signed by all three of the Selectmen, while the latter is payable only on an order signed by the three Selectmen, as also the Treasurer of the town, and accompanied by the voucher of the Treasurer who, under the terms of the Will, must attend to the annual care of the burial lot. The future use of the cemetery fund is limited to the amount of interest accretions, while the two other funds may be used by the Selectmen for the stated objects at any time when they shall deem it wise, town action not being necessary.

The expense of the preparation of the lot, which had been some time neglected, for the year 1929 is as follows:

Paid Ernest Clapper \$ 2.64

Seth Chase 2.64

Frank Carll (self and team) 3.78

Ernest G. Knight For fertilizer and				
Total		 	\$1	13.70

The statement of the standing of the accounts as of March 1, 1930, is shown by the following letter from the Biddeford Savings Bank:

Ernest G. Knights, Treasurer, Town of Waterboro, Waterboro, Maine.

My dear Mr. Knights:

I am writing you, as per your request, to inform you of the condition of Accounts, known as the Caroline Leonard Funds.

Account No. 22,912, for the Benefit of either the Church, the Schools or the Poor of the Village of Carle's Corner, in the Town of Waterboro, totals \$978.47.

Account No. 22,913, for the Benefit of either the Church, the Schools or the Poor of the Village of Old Corner, in the Town of Waterboro, is \$489.24.

Account No. 23,285 for the Perpetual Care of the Graves in the Cemetery at Waterboro Center of Ancestors and Relatives of the late Caroline Leonard, stands at \$239.41.

We wish to thank you for these accounts and assure you that the strength of this Institution is such that your wisdom in depositing the funds in the manner you have must be apparent to all.

> Yours very truly, BIDDEFORD SAVINGS BANK, EVERETT M. STAPLES, Assistant Treasurer.

EAST WATERBORO SCHOOL BONDS

The Treasurer begs leave to call to the attention of the Finance Committe and the voters of the town the fact that the above issue of school bonds, amounting to \$6,000.00, will mature between May 30, 1930 and April 9, 1931. While the greater part of the owners of the bonds will prefer to allow their money to remain invested in these bonds until the town is better able to retire them, the Selectmen and Treasurer should be given authority to borrow money to retire any bond of this issue, should the owner desire his, or her, money.

Respectfully submitted,

ERNEST G. KNIGHTS, TREASURER.

Aluaitor's Meport.

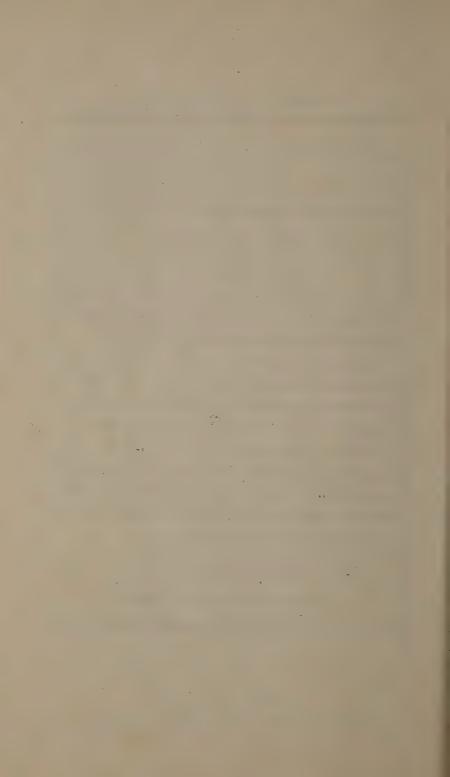

March 5, 1930.

I have examined the reports of the Selectmen and Treasurer of Waterboro and find them correct. I have seen vouchers for all monies paid by the Treasurer.

The town indebtedness has been reduced three thousand dollars during the year through the payment of fifteen hundred dollars on school bonds and fifteen hundred dollars on old town notes. Through my conversation with the Springvale National Bank and the Limerick National Bank, I find that the only indebtedness of the town on notes is: Limerick National Bank thirteen hundred dollars and Springvale National Bank twelve hundred and fifty dollars.

Respectfully submitted,

Horace P. McLaughlin, Auditor.

ANNUAL REPORT OF THE TOWN CLERK

" Harry A. Smith, Clerk

BIRTHS

1929

- Feb. 5th. Charles Lewis, son of Ernest H. and Ivy M. Clapper.

Respectfully submitted,

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Waterboro:

I submit for your consideration my tenth annual report of the school department of Waterboro.

Pupils are registered and classified in the elementary schools at the present time as follows: South Waterboro: Grammar—18; Intermediate—24; Primary—16; East Waterboro: Grammar—19; Primary—24; North Waterboro—28; Old Corner—16; Total 145. For high school statistics I refer you to the report of the Principal. The last school census shows 261 persons between the ages of five and twenty-one years.

There have been several changes in the teaching staff. Upon the death of Miss Anna Cotton during the spring term the East Waterboro Grammar school position was held for the balance of that term by Miss Alberta Roberts. At the beginning of the fall term Miss Maude Carpenter was elected to this position and the vacancy thus created at North Waterboro was filled by the election of Miss Ethel Phillips. Miss Effic Hamilton was elected to the South Waterboro Primary school last spring upon the resignation of Miss Evelyn Cressey. Miss Grace Whitney resigned her position at Old Corner at the end of the spring term. This position is now held by Miss Helen Meserve. Mrs. Myra D. Woodward,

South Waterboro Grammar School and Mrs. Wilma Rollins, High School Assistant are on leave of absence. Mrs. Dorothy Dunnells and Mrs. Mary F. Ricker are substitutes in these positions respectively.

The school buildings are in good state of repair. The East Waterboro building was painted during the summer. The roof has been repaired at North Waterboro. The South Waterboro building will need painting in the near future. To postpone this matter too long will be poor economy.

Parents are again urged to visit the schools and talk over frankly with the teachers any problems which may arise.

I wish to express to the members of the Superintending School Committee, the teachers and all interested in the schools my appreciation of their loyalty and support during the past year.

Respectfully submitted,
MAYNARD E. WRIGHT,

REPORT OF HIGH SCHOOL

To the Superintendent of Schools:

I herewith submit to you my fifth annual report of Waterboro High School.

In my report of 1929 I made the prediction that this year would find a considerable increase in the registration at the high school. When school opened in the first week in September we had an enrollment of fifty-eight, which is an increase of ten over the enrollment of last year. This is an increase

of approximately 20%, and has necessitated a greater expenditure for text-books and supplies. The enrollment next year will be equal to that of the present time, and it is safe to assume that it will be even greater. Such being the case additional desks should be provided as at present there are desks for only fifty students.

The graduating class of this year will number fifteen, and I believe this to be the largest class yet to graduate from Waterboro High School. It is very gratifying to note that a large percenatge of these graduates have signified their intentions of continuing their studies at some higher institution. Some plan to enter college, while others will go to normal school or business college.

The needs of next year, other than those already mentioned, will include equipment for the laboratory. Science is an important part of the school curriculum, and in order for the student to obtain the most from the course it is necessary to provide proper chemicals and apparatus. This supply must be added to each year, and is therefore an item of expense that must always be considered in maintaining a high school. Owing to the prevailing high prices, as well as to the scarity of funds, strictest economy has been observed in ordering equipment. Next year it will be necessary to purchase equipment for the physical laboratory.

In closing, I wish to thank the school officials and citizens of the town for their support during the past year in all matters pertaining to the schools.

Respectfully submitted,
ELMER S. MARSHALL, Principal.

The 1929 Tax Commitment.

As committed to Ernest G. Knights, Collector, June 29, 1929.

An Alphabetical List of the Taxpayers of the TOWN OF WATERBORO, MAINE

For the year 1929.

All tax amounts followed by * include poll tax. To find valuation, deduct \$3.00 when * appears, then divide by 56 mills, the rate for 1929.
